“Women on the Water” is a series of video shorts with extraordinary women who have built their lives and careers around the water and our coasts. Upcoming episodes include a professional lobster-woman who is a state politician, a recent inductee to the 2020 Golden Globe race, a marine photographer, and more. Videos will premier every Wednesday at Noon ET on the US Harbors channel:

US Harbors is a media and data company in Rockland, Maine specializing in “tides, weather, & local knowledge™” for people who enjoy our coasts. The company covers 1,400 harbors across 30 states; from the Arctic Circle to the Florida Keys, from Maine to Hawaii, and in the Great Lakes. The company’s primary website, <https://usharbors.com>, has been helping people make good decisions about their time on and near the water since 2009. Over 5M people use the site annually, with interests in boating, fishing, paddling, swimming, and other activities on or near the water. As well as providing tide and weather data,

the site has a continuously updated news feed, covering a wide variety of marine and coastal topics. US Harbors runs the annual “Best Harbor in the US” contest – a crowd-sourced online event to determine the best harbors in the country, as well as national Harbormaster Appreciation Day – celebrated annually on October 8<sup>th</sup> to recognize the stewards of our harbors and ports. The mission of the company is to promote the sustainability and resilience of coastal communities, both economically and environmentally.
